

## Railway Strike Called, Truman Yells 'Unfair'

### Wage-Price Tag on Senate Bill to Bring Fight

Washington, Aug. 24 —(P)—President Truman declared today the nationwide railroad strike was called within an hour after assurances to him that there would be no strike.

He made it plain to a news conference that he felt he had not been dealt "with fairly."

As to what he intends to do, he said he would have a statement later. He refused to indicate whether he plans seizure. The unions have been urging this step for weeks.

Mr. Truman said the strike was sudden and unexpected. He said assurances came to him from both the unions and the management that there would be no walkout. These assurances, he said, were given within an hour before the strike was called by the trainmen and conductors.

They set the walkout for 6 a. m. (local standard time) next Monday.

A reporter asked Mr. Truman who gave him the assurance there would be no strike.

The railroad unions and the railroad managers — both, he said, he had given him that assurance frequently within the last two or three days and within an hour before the strike was called.

A reporter asked if he considered the tactics a "double cross."

Mr. Truman told the reporter not to put words in his mouth.

A union spokesman had this comment on President Truman's news conference remarks:

"We would ask that it be noted the strike has been set far enough in advance to provide opportunity to clear this thing up, if the President cared to call in the presidents of these roads in place of the (management) committee which has been stalling all these months."

"Secondly, if the President decides he will seize the railroads, the two presidents of the unions are remaining in Washington to cooperate in any way possible."

Two rail unions — the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors — gave their about strike orders to their 300,000 members last night after a new deadlock developed in White House peace talks with the carriers.

The nationwide strike called against 131 rail lines was unexpected. The union leaders only Tuesday night had given everyone to understand they would not expand five-day "token" walkouts presently in progress at five key rail centers.

However, the dispute over wages and working hours has dragged out over a period of a year and a half — and constantly been growing more ominous.

Under the railway labor act, which sets up a complex procedure for handling of rail disputes, the unions have been free to strike since July 15.

## Federal Court at Texarkana Gets 16 Cases

An Arkansas Federal grand jury in session at Ft. Smith has turned in 16 indictments to be tried in the Texarkana court. They include:

James M. Mitchell, Hope, charged with unlawful sale of narcotics.

Johnny Balles, Shreveport radio entertainer, charged with transporting a woman across a state line for immoral purposes.

## Nation's Weather Is Back on the August Beam

Chicago, Aug. 24 —(P)—The nation's weather was back on the August beam today — warm in most parts of the country.

It was hot in the southwest and on the warm side from the Gulf states northward to the southern Great Lakes regions. Most of the Midwest had seasonal temperatures. The only cool spots were in the Pacific Northwest, the northern Rockies and some northern sections of the central states.

Generally fair weather was in prospect. The only rain early today was in Missouri and the Dakotas.

## Battle on Tax Issue Before the Senate

Washington, Aug. 24 —(P)—Senator George (D-Ga.) called up the \$5,000,000 tax bill for senate debate today and declared it will pass without an excess profits levy "or there will be no bill at all."

But Senator O'Mahoney (D-Wyo.), author of an amendment to collect some \$3,500,000,000 more additional money yearly through a tax on corporations' excess profits, thought otherwise. Some other Democrats agreed with him.

George, chairman of the tax-writing finance committee, said congress cannot risk throwing "a monkeywrench into the economy" by tacking an excess profits levy onto the bill. He said more study is needed, but that congress will act next year on such a tax to collect \$4,000,000,000 to \$6,000,000,000 a year.

George has said the tax will be made effective next Jan. 1. O'Mahoney's proposal would make it retroactive to July 1.

President Truman has advised that excess profits action be taken later. He asked a tax boost in somewhat the same form as the senate bill, as a "first installment" to pay higher government costs stemming from the Korean war and rearmament.

Meanwhile, trouble broke out on two other fronts facing the bill: 1. Senator Humphrey (D-Minn.) asserted that the senate finance committee converted Mr. Truman's bill into a "pork-barrel" and "smoke screen" for the relief of wealthy taxpayers. He served notice he will offer amendments.

2. A drive of undetermined strength developed to tax co-ops. Senator Williams (R-Del.) prepared an amendment for that purpose.

George predicted the bill, with unanimous committee backing, will pass substantially in its present form. The house still must act.

## Truman May Fill UN With Republicans

Washington Aug. 24 —(P)—Un-les President Truman changes his mind, he may put Republicans in a majority among the nation's five front line representatives at the next United Nations assembly meeting.

Chairman Connally (D-Tex) of the senate foreign relations committee told a reporter he understands the President now has in mind the appointment of three Republicans among the five permanent delegates to the U. N.'s November session.

Besides Warren R. Austin, the chief American representative, a Republican, Connally said he expects John Foster Dulles, Republican adviser to the state department, and Senator Henry Cabot Lodge, Jr., Massachusetts Republican, to be named.

The Democratic delegates are expected to be Mrs. Eleanor Roosevelt and Senator John Sparkman of Alabama.

Secretary of State Acheson probably will head the delegation for the opening of the assembly session, with one of the permanent delegates serving briefly as an alternate. Other alternates are expected to include John Ross Cooper, Republican adviser to Acheson; Benjamin Cohen, on the delegation; and Mrs. Edith Sampson, Chicago Negro lawyer.

There have been some reports that Senator Graham (D-N.C.), defeated in the recent North Carolina primary, might also be chosen as an alternate.

The President's anticipated move to give the Republicans prominent roles at the next U. N. session was regarded in some quarters as an administration answer to recent criticism that the GOP has not been consulted fully on foreign policy.

## Believe Dean Died of Wounds

By O. H. P. KING  
Tokyo, Aug. 24 —(P)—There is a conviction among some South Koreans that Maj. Gen. William F. Dean, missing ex-commander of the U. S. 24th division, died of battle wounds and was buried by friendly South Koreans.

There is no official confirmation that General Dean is dead. He is still listed by headquarters as missing in action since July 22 in the battle of Taejon.

An unconfirmed story circulating among South Koreans, which I heard repeatedly before returning recently from Korea to Tokyo, ran like this:

The general was wounded after escaping from flaming Taejon. A South Korean family gave him shelter and tried to nurse him back to health. But he died and was buried by his friends. They said nothing about it for fear of punishment by North Korea.

It was felt that if the North Koreans had captured the general, they would have boasted about it over their Pyongyang radio, as they have boasted of the capture of many Americans of lesser rank.

Stories published in Tokyo said unidentified prisoners reported North Korean Reds shot Dean and then stabbed him to death. But official sources at General MacArthur's headquarters disclaimed knowledge of such reports.

"We know nothing about it," an intelligence officer said. "I would like to know who the prisoners were and what they said."

Africa is not the only lion country in the world; a few still remain in India.

## Revival to Start

A revival will begin Sunday, August 27 at 7:30 p. m. at the Centerville Methodist Church. The public is invited.

## \$16 Million for War Weapons Gets the Nod

Washington, Aug. 24 —(P)—A \$16,771,084,479 bill providing cash for 5,333 new war planes and other equipment for America's growing military machine was approved today by the house appropriations committee.

An emergency measure growing out of the war in Korea, it not only finances expansion of United States armed might but also carries \$4,000,000,000 to help arm friendly nations.

In sending the bill to the house floor, the committee wrote this sharp criticism of the defense program:

"Events of recent weeks have made it crystal clear that the military planning and thinking in key positions is not as clear and accurate as could be desired, but it is not the purpose of the committee at this time to criticize past errors of judgment."

(The bill's total is \$81,400,119 less than the President requested but no reductions were made in military items.)

House passage is scheduled for tomorrow.

The bill boosts to more than \$30,000,000,000 the federal budget for this fiscal year. The remaining \$34,000,000,000 in a general one-package appropriation measure. The house voted \$143,000,000 and the senate \$14,679,000,000.

Larger items in the emergency measure, on which work was started after the Communist invasion of South Korea June 25, include:

\$4,335,400,000 for the air force; \$2,649,029,000 for the navy; \$3,063,547,000 for the army; \$4,000,000,000 for arms aid foreign nations.

\$200,000,000 for work on atomic weapons, including the hydrogen bomb;

\$598,637,370 for stockpiling of strategic materials.

In addition there is approximately \$62,635,850 to strengthen the state department's "Voice of America" program, \$190,000,000 for military research and development, \$19,360,000 for the draft machinery, \$18,000,000 to ready laid-up merchant ships and \$10,000,000 for President Truman's emergency fund.

## Body of Blonde Wave Found in Lagoon

Philadelphia, Aug. 24 —(P)—A pretty blonde Wave who disappeared Monday night was found dead last night in a lagoon near the Philadelphia naval base with bruises indicating she may have been slain.

The body of Miss Victoria Barrett, 23, of Denver, Colo., was found floating on the lagoon popularly known as "Canoe lake."

Coroner Joseph Omsky said the girl's lips and nose were bruised and two blood-stained handkerchiefs were stuffed in her yellow blouse.

Coroner's Detective John Fenton said Miss Barrett was listed on navy records as unmarried although friends said they knew her as a "war widow." She had been in the navy two years.

The young Wave disappeared Monday night, Fenton said, after visiting a tavern with several friends, all members of the navy women's reserve.

The detective said one of the friends, Ernestine Fredette, gave him the following details of Miss Barrett's disappearance:

After being at the tavern a short time, Miss Barrett said she was tired and asked for the key to Miss Fredette's automobile. She went outside and returned in a few minutes to hand back the key.

"Here it is," she said. "I'll lock myself in the car and take a nap."

## Russellville Clerk to Contest Election

Russellville, Aug. 24 —(P)—Circuit Clerk Earl J. Birgham will contest in court his defeat for reelection to a third term in the Aug. 8 democratic primary.

On the basis of official returns Birgham lost to Louis Hood, present county clerk.

Birgham has brought suit charging fraud in the absentee voters' box, in which he received 80 votes to 281 for Hood.

Exclusive of the absentee box, Birgham had an 18-vote majority.

## H. B. TIPTON DIES

Little Rock, Aug. 24 —(P)—Harry B. Tipton Sr., president of Central Printing company here, died at a Little Rock hospital yesterday.

Survivors include a son, Harry B. Tipton Jr., Little Rock; and a daughter, Mrs. Flora Dell Settles, Jeffersonville, Ky.

Funeral arrangements have not been made.

## Reds Seek Softer Sp After 4 Beatings by Yanks on Taegu Front

### Reinforcements Are Enroute to Korea

Tokyo, Aug. 24 —(UP)— More marines, marine planes and U. S. warships are on their way to Korea, Admiral Forrest C. Sherman, chief of naval operations, disclosed today.

At the same time, Gen. J. Lawton Collins, army chief of staff, predicted that United Nations ground forces will hold their present "considerable" bridgehead in southeast Korea.

Sherman and Collins talked with newsmen after visiting the front in Korea. The naval chief planned to return to Washington by air tonight.

Sherman said the far eastern naval command "is going to be considerably reinforced." Naval personnel in the area already have been doubled in the three months since the Korean war began, he said, and now total 90,000 men, including marines.

There are 150 ships in the Far Eastern command and it is still growing, he said. They include a large carrier task force, an escort carrier task force, a blockade squadron, an amphibious force and many auxiliaries.

All types of warships are being reactivated in the United States, he said, and many will come to the Far East. The extent of the buildup will depend on future developments.

Submarines and anti-submarine force will be included in the Pacific reinforcements, he said. He refused to discuss rumors of Russian submarines and ships in the Pacific. Asked whether American naval forces could deal with the Russian submarine threat, he said: "No military man is ever satisfied with the forces at his disposal to meet all contingencies. I am not satisfied, either, with the forces at our disposal, but I think the forces at our disposal would give a good account of themselves against any possibility."

He did not say how many more marines were on their way to Korea, but he said marine air force reinforcements would be in "proportion to the ground force." There already is one marine brigade in Korea.

### Won't Predict

Washington, Aug. 24 —(P)— President Truman said today he can not predict with certainty when the Korean war will end.

He made his observation at a news conference after a reporter noted that Secretary of Defense Johnson had expressed a belief it will be over in six to eight months.

### Gen. Collins Has Narrow Escape

Tokyo, Aug. 24 IW— Gen. J. Lawton Collins, U. S. army chief of staff, scraped close with death on a flying visit to Korean war fronts Wednesday, but came back optimistic.

He missed a raking of Red Korean roadblock fire by 15 minutes near Taegu.

On his return to Tokyo Collins said: "Things are coming along very well over there."

He said he was well pleased with morale among American and South Korean forces.

Collins visited the northern front above Taegu and the 25th division on the southwest sector. He told the 25th:

"I came to see what we can send over here. There is no question about it, our mediums (Sherman tanks) are knocking over the enemy's (Russian-made) T-34s. The mediums have done very, very well."

"The eighth army is doing a grand job. I never had any doubt that we could hold a considerable bridgehead."

"There is no way to get tough troops except in war," Walker and Collins together visited an advanced command post of the U. S. 27th regiment north of Taegu. They went within a mile of America's most forward positions.

About 15 minutes after they left the command post, the road they traveled came under fire of infiltrating Reds.

Four American officers were killed and several wounded.

Col. John (Mike) Michaels, 24th regiment commander, commented:

"They never will believe it but 15 minutes after the general left the forward command post all hell broke loose."

Collins also visited a South Korean front line division.

Both Sherman and Collins met with correspondents at Eighth army headquarters in Korea.

### Shipments of Weapons to Russia Probed

Washington, Aug. 24 —(UP)— The state and commerce departments are investigating the shipment of \$100,000,000 worth of a strategic war material from the United States to Russia, it was learned today.

Officials of both departments confirmed reports, first circulated by Newsweek magazine, that a cargo of molybdenum left this country in May for Britain and that it was subsequently shipped to the Soviet Union. The material is used to harden steel for military and civilian uses.

"We have learned about this illegal trans-shipment and we are investigating the matter," a state department spokesman said. "There is no way of getting the molybdenum back, but the government wants to make sure this doesn't happen again."

Under the law, applicants for export licenses involving strategic materials must state the ultimate destination of the shipments and what they will be used for. Shipment of any strategic material to Russia is banned.

The primary investigation, it was disclosed, has been undertaken by the compliance staff of the export controls division in the commerce department. If the investigation proves that "criminal intent" was involved on the part of any American firm, officials said, the case will be turned over to the justice department for prosecution.

The state department is taking the matter up with the British government to determine how the molybdenum left Britain for the Soviet Union.

### Red Division East Poses No Pusan Threat

Tokyo, Friday, Aug. 24 —(P)— A heavily armed Red division rolled eastward last night toward American positions on the Korean south coast.

In three columns of tanks and machines the division posed a new threat to the Allied southeastern front some 50 miles away.

The threat appeared south after pressure had been put on the central front above where probes for five divisions were thrown back consecutive days.

The 50,000 Red division moved away from their main positions, apparently looking for a new avenue of attack.

The North Koreans, it was said, had been driven down the rocky "bowling alley" corridor to Taegu.

AP Correspondent Stan on the south reported the eastward Red column marching from the Chongju where two Red divisions reported getting close to Allied forces spread Masan, 27 air miles west.

The American 24th division, 10 miles west, was alerted to the threat.

U. S. planes strafed the Red column.

Reds, it was said, are getting tough troops except in war. Walker and Collins together visited an advanced command post of the U. S. 27th regiment north of Taegu. They went within a mile of America's most forward positions.

Four American officers were killed and several wounded.

Col. John (Mike) Michaels, 24th regiment commander, commented:

"They never will believe it but 15 minutes after the general left the forward command post all hell broke loose."

Collins also visited a South Korean front line division.

Both Sherman and Collins met with correspondents at Eighth army headquarters in Korea.

### Red Division East Poses No Pusan Threat

Tokyo, Friday, Aug. 24 —(P)— A heavily armed Red division rolled eastward last night toward American positions on the Korean south coast.

In three columns of tanks and machines the division posed a new threat to the Allied southeastern front some 50 miles away.

The threat appeared south after pressure had been put on the central front above where probes for five divisions were thrown back consecutive days.

The 50,000 Red division moved away from their main positions, apparently looking for a new avenue of attack.

The North Koreans, it was said, had been driven down the rocky "bowling alley" corridor to Taegu.

AP Correspondent Stan on the south reported the eastward Red column marching from the Chongju where two Red divisions reported getting close to Allied forces spread Masan, 27 air miles west.

The American 24th division, 10 miles west, was alerted to the threat.

U. S. planes strafed the Red column.

Reds, it was said, are getting tough troops except in war. Walker and Collins together visited an advanced command post of the U. S. 27th regiment north of Taegu. They went within a mile of America's most forward positions.

About 15 minutes after they left the command post, the road they traveled came under fire of infiltrating Reds.

Four American officers were killed and several wounded.

Col. John (Mike) Michaels, 24th regiment commander, commented:

"They never will believe it but 15 minutes after the general left the forward command post all hell broke loose."

## Churchill's Son Is Wounded at Korean Front

U. S. Eighth Army Headquarters, Korea, Aug. 24 (AP) — War Correspondent Randolph Churchill, son of British wartime Prime Minister Winston Churchill, was wounded today by a mortar burst on a Nakdong river-crossing foray into enemy territory with a U. S. patrol.

An American soldier was so Frank W. Emery of International News Service, was hit in the same action.

Neither was hurt seriously the army said.

An American soldier was so badly wounded by the mortar burst that he could not be moved and was left in enemy territory. Later attempts to rescue him were repulsed.

The shell fragment tore a hole about the size of a U. S. half dollar (or a half-crown piece), in Churchill's leg, army medics said. Emery was hit three times.

the forward command post all hell broke loose.

The heavy firing killed four American officers and wounded several.

U. S. and South Korean troops beat off localized enemy infiltrating attacks on their flanks and continued their frontal thrust Thursday in the face of reduced Red artillery and mortar fire. This was the fifth day of continuous battle for the bloody "bowling alley" corridor of the mountain passes.

An American attack Wednesday drove Communist infiltrators into the hills east of the main Kumhwa-Taegu road. The U. S. troops opened the highway after snipers had interrupted supply traffic for two days.

The Reds also appeared to be pulling back from the Waegwan area, 12 miles northwest of Taegu. They were quiet at a bridgehead across the Nakdong river near Hyonpung, 14 miles southwest of the rail hub.

Heaviest rainfall was reported at Des Arc, where 4.72 inches was recorded in 12 hours.

Augusta was only slightly behind with 4.68 inches.

Thunderstorms were numerous in north and northwest Arkansas. Short electrical storms were reported at Little Rock, where a

church was slightly damaged by lightning shortly before dawn.

More than 4.22 inches of rain drenched Benton and the nearby Saline river rose seven feet in 24 hours. However, no other substantial rises on the turbulent mountain stream were reported.

Stuttgart reported a reading of 3.44 inches and Binkley registered 3.10 inches during the 12-hour period ended at 7 a. m. today.

## Hadacol Helps Relieve St. Louis Man's Leg Pains

He Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

Elmer Prather, 3619 North Broadway, St. Louis, Mo., having tended bar for a good many years, says a man has to work mighty hard these days to make himself a passable living. Gone are the days when you could buy a good lunch for 15c. But he says the good old days of healthful living are today. That is because he found out how worthwhile life really can be. Gone are his days of suffering, thanks to HADACOL. Mr. Prather had been suffering a deficiency of Vitamins B1, B2, Niacin, and Iron.

Read Mr. Prather's statement: "I had been bothered many years with neuritis pains in my legs—the pain was so bad I couldn't sleep at night. My appetite was way off, too! I just couldn't seem to get any enjoyment out of food and what I did eat didn't agree with me at all. I had just about given up hope when my brother and sister persuaded me to take HADACOL. What did HADACOL do for me? . . . Why, after taking HADACOL for only 2 weeks I was able to go back to work. You think I don't rate HADACOL First Place? . . . I recommend HADACOL every time."

Wonderful for Both Old and Young

This new HADACOL is simply wonderful for men, women and children of all ages who are sick and ailing because their systems are lacking these important Vitamins B1, B2, Iron, and Niacin.

The important Vitamins and Minerals in HADACOL come to you in special liquid form so that they are more quickly absorbed and assimilated in the blood stream, ready to go right to work at once. HADACOL even builds up the red blood cells (when iron is needed) to carry these precious elements to every part of your body — to your kidneys, lungs, heart, liver — even to the hair, nails and eyes!

Relieves Cause of Your Sickness from Such Deficiencies

HADACOL now makes it possible for you to relieve the active cause of neuritis pains and a general run-down nervous condition when due to deficiencies of Vitamins B1, B2, Iron and Niacin. So why be satisfied with symptomatic relief when

There Should Be No Doubt

After reading Mr. Prather's wonderful experience with HADACOL — how can you doubt that this great product will help you if your system is lacking in Vitamins B1, B2, Iron, and Niacin?

What HADACOL did for Mr. Prather, it can do for you if you're suffering neuritis aches and pains, or other troubles due to such deficiencies.

So what are you waiting for? Don't continue to suffer — don't continue to be miserable!

Don't Be Satisfied With Symptomatic Relief!

HADACOL is not a quick-acting pill which gives symptomatic relief — rather it relieves the real cause of your pains and aches due to such deficiencies. And continued use of HADACOL helps prevent such agonizing pains from coming back. That's the kind of product you want — that's the kind you should buy and that's the kind you should start using NOW!

HADACOL costs only 1.25 for a trial-size bottle. Large family or hospital size, \$3.50. It is sold on a strict money-back guarantee. At any drugstore. (c) 1950, The LeBlanc Corporation —Adv.

## Officers Fight Off Mob Trying to Get Slayer

Rogersville, Tenn., Aug. 23 (AP)—Police and sheriff's deputies fought off a mob of some 300 in a brisk

but brief gun battle at the Hawkins county jail early today. Sheriff Bradley Blair said at least two men were wounded as between 15 and 20 shots were fired by officers and the crowd gathered outside the jail. Blair said the mob stormed the

## Economic Group Gains Support in Congress

Washington, Aug. 23 (AP)—With congress facing 3 early votes on higher taxes and bigger military outlays, economy advocates gained ground today in their efforts to whittle domestic spending. A \$1,138,000,000 two-year highway building bill went to the house after senators had carved \$119,000,000 off proposed outlays previously cut \$240,000,000 at President Truman's request. The senate passed it yesterday by voice vote.

The bill sets a limit on the amount to be appropriated later by congress for road building up to June 30, 1953.

The economizers, led by Senator Byrd (D-Va.), regarded as a notable victory their success in trimming a measure that offers federal aid money for every state—the kind of a bill that seldom feels the keen edge of the pruning knife.

Byrd told a reporter he is hopeful the senate's action means that some real economies will be made in non-defense spending.

"We are likely to have a \$75,000,000,000 a year budget before we are through and that will mean the kind of taxes that it will be difficult for the country to bear," Byrd said. "We must cut these non-defense outlays."

jail to get Carl Walters, 40, held on a murder charge in the double-slaying of two women he claimed had "bewitched" him.

After the shooting ended and the mob dispersed, Walters was taken to an undisclosed jail in east Tennessee.

One man, identified as Grover Compton, about 55, of Kingsport, Tenn., was arrested at a hospital in Kingsport after he appeared there to receive treatment of shotgun wounds. Compton was held without charge for questioning.

During a preliminary hearing here yesterday Walters was ordered held for grand jury action without bond. Witnesses testified the defendant walked into a store near here a week ago, exclaimed "this has gone far enough," and then shot Mrs. Alberta Gibbons, 21, and her mother, Mrs. Alta Woods.

First of the Fine Cars in Value

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

**It's a very satisfying feeling**

YES, it's good to slip into a truly fine automobile and sense its richness, its comfort, its room.

And there's a great thrill in touching off the waiting power of a great-hearted straight-eight and feeling its swift response at any speed.

It's fun to count the quick, admiring glances thrown your way.

It's nice to have a car that parks easily, for all its inches. It's very pleasant to do away with gear-shifting and clutch-pedal pushing, and know in its stead the utter smoothness of Dynaflow Drive's silken transmission of power.

And still that doesn't probe the depths of a ROADMASTER owner's secret satisfaction.

For while he knows he has a fine car, by its look, its feel, its appointments—

While he has performance at his command that needs play second fiddle to no other on the road—

While he enjoys a very special measure of creature comfort in the quite matchless gentleness of ROADMASTER'S ever-level ride—

He knows too that he has made

an exceptionally wise investment: He has spent his money for the things that make a fine car fine—and nothing simply for show.

He has paid the lowest price per pound in the fine-car field—he has the very satisfying feeling of knowing his dollars have given him solid merit, and solid merit alone.

We'd like to have you try ROADMASTER in honest comparison with the highest-priced cars to be found. We'd like to have you try to match it for room, for comfort, for finish, for handling ease and for ability on the road.

Then check the prices—and see if your own sense of value doesn't advise signing up right now with your Buick dealer for a Buick ROADMASTER.

### New Home Agent

Little Rock Aug. 23 (AP)—Vel-ma Crow of Holly Grove Ark. has been named assistant home demonstration agent for the Jef-ferson county.

The appointment was an-nounced here today by L. A. Dhonau acting associate exten-sion director University of Ar-kansas college of agriculture.

A completely new sod will be ready for Penn State's opening football game against Georgetown in September.

### Driver Kind to Trucker Who Hit Him

Little Rock, Aug. 24 (AP)—Many a driver has climbed out of his vehicle to tell off another driver after an accident.

Guy Wright of Lexington, Mo., got out last night—but from there on the story's dif-ferent.

Wright saw, police reported, that the automobile which struck his truck from behind was loaded with children and that it couldn't be driven away.

So he piled Mr. and Mrs. Jim Tarvin and their eight children into his truck and drove them to their home at Benton 3, miles from here and a considerable detour for Wright, who was headed for Pine Bluff, 60 miles away on another highway.

Little Rock, Aug. 24 (AP)—The Arkansas tax commission has in-creased by some \$4,000,000 total assessments of eight natural gas

### Happy Is The Day When Backache Goes Away . . .

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney func-tion. This may lead many folks to com-plain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
